

STATE OF ALABAMA DEPARTMENT OF  
**PUBLIC HEALTH**

## **Children's Eye Health and Safety Month 30 Second PSA**

Help your child be successful this school year and schedule their annual comprehensive eye exam. Know the warning signs for vision loss and encourage them to practice eye safety.

Eye injuries are the leading cause of vision loss in children. Help prevent your child from being one of 12 million children with vision impairment.

This is State Health Office Doctor Scott Harris. For more information visit Alabama Public Health dot gov.
